Dear friends and colleagues,

It is our privilege and great pleasure to invite you, on behalf of organising institutions – the Czech University of Life Sciences Prague (Czech Republic), together with Institute of Agrophysics of Polish Academy of Sciences, Lublin (Poland), Slovak University of Agriculture in Nitra (Slovakia) and Hungarian University of Agriculture and Life Sciences, Gödöllő (Hungary), Institut Teknologi Nasional Bandung (Indonesia) to participate in the 24th International Workshop for Young Scientists "BioPhys Spring 2025" to be held in Prague on 29th – 30th May 2025.

The workshop is oriented on the deeper insight into the physical processes occurring in biological, agricultural and food systems. The workshop combines two basic tasks of international meeting: the exchange of professional experience and integration of young people from different countries. We cordially invite young scientists to participate in the BPS 2025 Workshop and to present results of your research in application of physical methods to agriculture, biology and/or life sciences.

The workshop is organised as an open English spoken event. One page abstracts of contributions will be published in the Book of Abstracts of the BPS 2025 Workshop. It is my pleasure to invite you to spend a few days of May 2025 in a friendly atmosphere between young people in Prague.
